AmCham members meet with President of ACDI/VOCA Charles J. Hall

On September 11, 2019, a meeting between the members of AmCham Working Group under the Ministry of Economy of the Kyrgyz Republic with Charles J. Hall President of ACDI/VOCA took place.

During the meeting, the participants discussed the results achieved following the Group's first meeting on such issues as the signing of the Agreement on Avoiding Double Taxation between Armenia and Kyrgyzstan

and the exclusion from the draft Law on violation of Antitrust (competition) Legislation of monetary penalty ranging from 0.5% to 15% of the organization's income, as well as other issues of concern to the business community.

The first meeting of AmCham Working Group - chaired by the Minister of Economy, Mr. Mukanbetov - was held on July 12, 2019.

Public Hearing on the Law of the Kyrgyz Republic "On Free Economic Zones in the Kyrgyz Republic" initiated by AmCham

On September 27, 2019, public hearing was held on the draft of Legislation "On Amending Certain Legislative Acts of the Kyrgyz Republic (the Land Code of the Kyrgyz Republic, the Tax Code of the Kyrgyz Republic and the Law of the Kyrgyz Republic "On Free Economic Zones in the Kyrgyz Republic").

Public hearings were organized at the platform of the Business and Entrepreneurship Development Council under the Toraga of the Jogorku Kenesh in order to clarify and discuss the main provisions of the legislation draft per initiative raised by AmCham-Kyrgyz Republic and supported by a group of members of the Parliament such as: Asylbaeva G.K., Nurbaev A.M., Sultanov A.M., Baybakpaev E.D., Aidarov S.A., Alybaev O.A., Arapbaev A. A., Osmonova A.Sh., Sulaimanov A.T., Akayev Zh.K.

The issue of amending the legislation regulating the activities of the free economic zones was initiated at the platform of the Business and Entrepreneurship Development Council under the Toraga of the Jogorku Kenesh by American Chamber of Commerce. To develop an appropriate draft law in terms of the development of new types of free economic zones, a working group was created under the Council. As a result of the work by working group, the legislation draft was developed.

During a public hearing, Stalbek Toktomambetov, lawyer of the American Chamber of Commerce in the Kyrgyz Republic, made a presentation on the proposed changes. Nurgul Akimova, expert in economics - highlighted the international experience in the Free Economic Zones development.

Aidin Sharsheev, State Secretary of the Ministry of Economy of the Kyrgyz Republic, thanked the Members of Parliament for the legislative initiative. Members of the Parliament emphasized an importance on the proposed changes in the existing form of free economic zones. All voiced proposals and comments will be worked out and the draft will be submitted for consideration by the Jogorku Kenesh of the Kyrgyz Republic.

AmCham-Kyrgyz Republic extends its appreciation to the Speaker and Members of the Parliament of the Kyrgyz Republic, the Business and Entrepreneurship Development Council under the Toraga of the Jogorku Kenesh, members of the Council for their invaluable support of the Chamber's initiative.

Soccer Tournament: Business Community vs. Jogorku Kenesh

On September 15, 2019, as part of the events dedicated to the Entrepreneur Day, a Soccer Tournament was organized by the Business Council under the Toraga of the of the Parliament of the Kyrgyz Republic, where teams representing the business community competed for the Cup with teams representing Jogorku Kenesh.

AmCham would like to thank the Coca-Cola Team for great representation of our business association and the Business Kenesh for organizing such a wonderful team-building event!

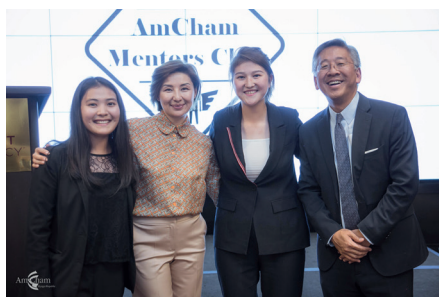

Snow Leopard Charity Run 2019

American Chamber of Commerce in the Kyrgyz Republic participated in the Snow Leopard Run on September 15 2019 organized by our members Nomad Sport with support of Toiboss, Bakai Bank, Baker Tilly Bishkek, and World Class Bishkek. Over 5,000 people participated in the Charity Run making it the largest so far in our country.

AmCham sincerely thanks Nomad Sport for organizing such noble events promoting healthy lifestyle and raising public awareness.

Closing Ceremony of AmCham Mentors Club Project

The closing ceremony of AmCham Mentors Club project took place on September 17, 2019. A unique mentoring project implementing a new approach in the field of training and experience transfer lasted six months. 18 mentors - senior managers from among AmCham members, as well as 20 mentees - alumni of the FLEX program took part in the Project. In addition to mentoring, the past six months were filled with a number

of useful and interesting events: trainings by international trainers, lectures, company tours, and much more.

The US Ambassador to the Kyrgyz Republic, Donald Lu, together with the Chairwoman of the Board of Directors of AmCham, Ms. Nazira Beishenalieva, presented the participants with certificates of successful participation in the project.

The US Embassy Cultural Specialist Nicole Holler presented the winner of an essay competition Akbermet Azizova, with the prize - Amazon Kindle e-reader.

The American Chamber of Commerce would like to thank the mentors and mentees for participating in the project and their invaluable contribution to its successful implementation, as well as the US Embassy in the Kyrgyz Republic for its support.

The Ministry of Economy's Entrepreneurship Day Awards Ceremony

The American Chamber of Commerce is pleased to congratulate its members - Adal Azyk (TM Toyboss), RG Brands Kyrgyzstan and Kant TSP - on receiving awards from the Ministry of Economy of the Kyrgyz Republic at the ceremony organized in honor of the Entrepreneur's Day!

We are very proud of your contribution to the development of the economy of Kyrgyzstan! Keep up your great work!

We are also pleased to congratulate Zarina Chekirbaeva, the Executive Director of the American Chamber of Commerce on receiving the medal «For Cooperation» from the Ministry of Economy of the Kyrgyz Republic for her personal contribution in strengthening cooperation and active participation in implementation of government policy in economy. Galina Kucheryavaya, a member of AmCham Board of Directors received the award on behalf of Zarina Chekirbaeva.

AmCham Kyrgyzstan, represented by Zarina Chekirbaeva is one of the founders and active members of the Business Kenesh under the Jogorku Kenesh of the Kyrgyz Republic, an active member of the Investment and Business Council under the Government of the

Kyrgyz Republic, a permanent member of the Supervisory Board of the Institute of Business Ombudsman, a member of the «Taza Koom» Project's Implementation Council, a member of the Working group of the Government of the Kyrgyz Republic on road safety, co-initiator and co-developer of the Set of measures for reforming the road safety system in the Kyrgyz Republic together with the Safety Council of the Kyrgyz Republic and other government and non-governmental organizations.

One of the latest initiatives is the creation of the AmCham Working group on improving the business environment of the Kyrgyz Republic under the Ministry of Economy, chaired by the Minister of Economy of the Kyrgyz Republic. This platform has been demonstrating the positive results of an effective partnership between the Ministry and the business community. It is also important to note the following international events realized in the past such as the Business Forum «Business and EAEU: Challenges and Prospects», the «Doing Business Globally» business forum, the visit of the First US Trade Mission to the Kyrgyz Republic, the First International Exhibition EXPO «Made in Kyrgyzstan», the International Economic Issyk-Kul forum, Kyrgyz-Czech business forum, innovative business tours to Silicon Valley (USA), Georgia, Czech Republic, Germany, to the investment forum in the United Arab Emirates, (as a result of these trips, agreements were concluded for more than a million US dollars, hundreds of jobs were created and FDI were attracted to the Kyrgyz Republic) and many other activities.

In the beginning of 2019, the Chamber launched a Mentoring Program for students of Kyrgyz universities and top managers of leading companies in order to support and develop young professionals. The AmCham's four working committees were launched since January 2019 to raise issues of business in various sectors such as innovation, development of entrepreneurship, attraction of investments, construction and strengthening of economic ties between Kyrgyz and international business.

Social contribution to society. AmCham actively supports and participates in social and cultural projects in the country. The Chamber regularly supports the «Hand in Hand» Public Fund of parents of children with autism and the «Football for All» Public Fund of parents of children with cerebral palsy, Down syndrome and autism. The Chamber provides technical and financial support to both Funds through charity events. In 2019, the AmCham provided technical assistance to the Tokmok Neuropsychiatric Boarding House No. 2 with 201 persons with disabilities. By its own example, the Chamber constantly promotes the corporate social responsibility among business community members!

AmCham is proud of this recognition by the Ministry of Economy and always open for cooperation to improve the business environment in the Kyrgyz Republic!

2nd meeting of the AmCham Working Group for improving the business environment in the Kyrgyz Republic under the Ministry of Economy

The second meeting of the AmCham Working Group for improving the business environment in the Kyrgyz Republic under the Ministry of Economy, chaired by Minister of Economy Sanzhar Mukanbetov took place on September 23, 2019.

The number of issues raised by AmCham members were addressed during the meeting. They included encouraging entrepreneurs to switch to the cashless payments, implementing possible privileges for domestic producers during tenders, the payment for submission of electronic reports to a social fund, protecting

the rights of large taxpayers and putting the restriction on managers, chief accountants and founders in arrears to the budget on leaving the country.

We would like to express our appreciation to the Minister of Economy of the Kyrgyz Republic, Sanzhar Mukanbetov for his contribution in improving the business environment of the Kyrgyz Republic, Business Administration Division of the Ministry of Economy, as well as USAID for support in implementing this initiative.

“How to create and monetize video content on YouTube?”

On October 27, 2019, a workshop for the members of the American Chamber of Commerce and alumni of programs funded by the US Government (USG programs) on the topic “How to create and monetize video content on YouTube” was organized by AmCham. Beeline generously hosted the event at its beautiful HQ office.

The speakers included AmCham members who hold YouTube gold and silver buttons: the founder of Lights Creative Group animation studio, Nurlan Mirzamatov (1 gold and 7 silver buttons), the founder of the Saratan Animation studio. Malik Osmonov (6 silver buttons) and the founder of YouKids studio, Almazbek Temirbaev (1 gold and 2 silver buttons).

Speakers shared their current and planned projects of animation studios, talked about the history of their company, noted the importance of the quality of content and team cohesion. The speakers also noted that the community of YouTubers in Kyrgyzstan is united and its representatives work together on the development of this industry in Kyrgyzstan. Therefore, one of the keys to success is the support of colleagues from other animation studios.

AmCham would like to thank the speakers for their interesting and useful presentation, as well as the guests of the event for their active participation!

“Bank of Asia” with DevCIT AUCA launched programming courses

“Bank of Asia” with DevCIT AUCA launched a 9-month training programming courses for C# programmers. The curriculum “Programming C#/ASP.NET language” was conceived as a joint project of these two companies in this summer.

On 27 September young boys and girls from all over Kyrgyzstan started studying programming. In addition, there are two talented children in the group who came from “Meerim Bulagy” orphanage. Therefore, within the framework of corporate social responsibility to support education, the bank provided two free spots for these students.

Students needed to know basic computer literacy and logical thinking to participate in this project. The teacher of course Myktybek Absatar uulu, the Bank of Asia’s chief programmer who has 7 years of experience, has skills in developing and implementing various services and databases. In addition, Myktybek is fluent in MySQL, and C#, PHP, and Java languages.

Vitaliya Shutova, head of the DevCIT training center at AUCA, said: “The main aim of this courses is to give everyone the opportunity to become a popular and professional specialist. Therefore, with Bank of Asia we not only teach the participants, but also employ the best graduates at the bank, while also helping growth in a new profession.

Medet Tairov, the Bank of Asia’s board member, wished success in mastering of this hard profession and becoming best specialists in the country’s IT market. He said: “The curriculum is adapted to the real process of project development in the Bank. Therefore, during studies students will work on practical cases, and the best graduates will get an internship and Interesting work.”

A new promotional campaign from Bai Tushum Bank: Make and receive cash transfers, and great prizes will be waiting for you!

A new interesting promotion titled “**Lucky Transfer**” is starting at Bai-Tushum Bank. During the campaign, you will be able not only to quickly and beneficially transfer money to relatives and friends or receive money, but also become a winner of great prizes.

Now sending and receiving money through Bai Tushum Bank using the international money transfer systems “Zolotaya Korona”, “CONTACT”, “RIA” and “Western Union” has become even more beneficial! Anyone who sends or receives money becomes a participant of the “Lucky Transfer” promotional campaign. It will be carried out in three stages. The duration of each stage is two months. Bai Tushum Bank customers will be able to

receive their first prizes already after August 3.

The list of prizes includes a TV, a two-chamber refrigerator, a freezer, Samsung A10 or XiaoMI smartphones, a vacuum cleaner, a slow cooker, an oven, a coffee maker, an iron, a blender, and many more. The winners of the second stage will be determined on October 5, and of the third, and final, stage - on December 7. At the end of each stage, 27 winners (!) will receive prizes from the bank.

To become a participant of the promotion, one simply needs to send and receive money transfers via “Zolotaya Korona”, “CONTACT”, “RIA” and “Western Union” systems. Participants with the highest volume of received

and/or sent money transfers will become the winners of the promotion. To determine the total volume of transfers, all transfers in foreign currencies will be converted into KGS at the rate of the National Bank as of the date of transfer.

Winners will be determined within each group of Bai Tushum branches by the highest volume of transfers at the rate of three winners per each division of the first and second group of branches.

The first group of branches includes the Head Office, the Bishkek branch with the savings and cash offices in the city of Bishkek, and the Osh, Jalal-Abad and Batken branches.

The second group of branches includes the Bishkek branch with the savings and cash offices in Tokmok, Sokuluk, Kemin, Kara-Balta, Kant, Belovodsk, Karakol, Naryn and Talas branches.

Coca-Cola Kyrgyzstan saved 2 tons of plastic

This summer, Coca-Cola Kyrgyzstan launched an eco-activation pilot on the beaches of Issyk-Kul, where the sampling was held. At the end of July, the company installed plastic bins and art installations on 4 most crowded beaches of Issyk-Kul as part of the World Without Waste initiative.

Within that short time, **2 tons of plastic waste was collected**, which was then sent to Bishkek for processing. Afterwards, the recycled plastic will be used to create lawns and platforms.

The company also set up art installations in the form of fish, palm trees and pine trees. They once again remind people of the importance of recycling plastic.

For another two weeks, the bins will be collecting plastic, so we updated numbers are expected.

Last year (January 2018) the Coca-Cola Company introduced a global initiative on fundamental changes in its approach to packaging of beverages around the world in order to produce fully recyclable packaging and to help collect and recycle the 100% equivalent of every bottle by 2030.

DSKA Engineering Co. expands its production capacity by 40%

DSKA Engineering Co. Construction and Engineering Company is the first industrial enterprise in Kyrgyzstan, which performs the full cycle of construction using metal frame technology. In the construction of facilities, the Company uses metal structures (self-framing metal buildings, welded beams), produced at the Company’s own plant.

The first half of year 2019 was the time for the company to modernize its production unit:

- Two cranes with a lifting capacity of 10 tons were installed, which increased the speed of logistical processes inside the plant twofold.
- The territory of the plant was expanded and the placement of finished structures and slabs was optimized.

- Updates were introduced into the program of plasma cutting apparatus and a new series of key components for achieving yet better metal cutting purity was received.
- Routine training program for the plant’s specialists and the introduction of equipment updates into the work were carried out.

Due to such changes, the Company increased the production rate by 40% and improved the durability characteristics of the metal frame.

Currently, the Company is simultaneously carrying out construction works on 11 objects in different regions of Kyrgyzstan with a total area of 35,000 sq. m. Among them are large industrial buildings, retail premises, office facilities and residential buildings.
